DAMAGED BY HAIL AND RAIN

Nebraska Swept by One of the Worst Storms of the Year.

MUCH GRAIN RUINED IN THE FIELD

Several Persons Injured by the Hailstones—

Window Glass Shattered in Many Instances Throughout the State—

Fruit Much Damaged.

STOCKHAM, Neb., June 3.—[Special Telegram to The Bee.]—A severe hail storm struck this section about 4 o'clock this afternoon, accompanied by a copious rain. The hail was very large. Hardly a house in town or country around but has from five to fifty glasses broken. Several persons who were out in it were hurt, but not dangerously. Along the track east of here hailstones are piled two feet deep. Damage to winter wheat will be considerable. Other crops are not sufficiently advanced to be hurt much.

HASTINGS, Neb., June 3.—[Special Telegram to The Bee.]—A heavy hail storm struck this section about 4 o'clock this afternoon and it is reported here that at Dunham and Bloomfield it was so intense that many windows were broken. At any rate in many places it will be necessary to replace corn.

ELSTON, Neb., June 3.—[Special Telegram to The Bee.]—This vicinity has been blessed with four heavy rains within the past ten days. Farmers and merchants are jubilant over the prospects of the coming season.

CENTRAL CITY, Neb., June 3.—[Special Telegram to The Bee.]—A terrific hail and rain storm visited this city and county this afternoon, doing a vast amount of damage. All windows on the north side of the buildings were broken. There was probably two inches of hail on the level after the storm had subsided. The damage in the city cannot be estimated. No reports are in from the country.

YORK, Neb., June 3.—[Special Telegram to The Bee.]—The storm today struck Henderson, twelve miles southwest of here and several windows were broken, but no buildings blown down.

DAYTON, Neb., June 3.—[Special Telegram to The Bee.]—One of the worst hail storms that ever passed over the city began at 3:30 p. m. Chunks of ice as large as house

eggs fell. It was accompanied by a high wind from the north and did a large amount of damage. But six window glasses remain unbroken in the west side of the court house. A number of trees hatched around the square broke loose and ran. It is still raining at 9 o'clock.

McCOOK, Neb., June 3.—[Special Telegram to The Bee.]—There was a heavy rain in this section this afternoon which was quite general. This with the rains Friday night in the northern part of the country will almost insure the corn crop in this county. The small grain is growing fast and will make part of a crop in spite of a backward spring. There is double the average of grain in the country over last year and it is looking well and growing fast.

DONIPHAN, Neb., June 3.—[Special Telegram to The Bee.]—A severe hail and wind storm struck Doniphon and vicinity this afternoon, doing great damage to small grain and completely ruining fruit prospects. Hailstones fell as large as hen's eggs. Several tin roofs were badly damaged by the hail, and all glass store fronts and windows lights exposed to the fury of the elements were totally demolished.

SQUADRON, Neb., June 3.—[Special Telegram to The Bee.]—This locality experienced a severe hail and rain storm today. The hail that small grain into the ground and the wind destroyed Christian's power house and crops. The loss is nearly \$500. The Blue river is out of its banks. Corn was not damaged.

SHELTON, Neb., June 3.—[Special Telegram to The Bee.]—This vicinity was visited by one of the heaviest hail storms ever known in this section of the country this afternoon. OMAHA'S STEADY GROWTH

Real Estate Dealers Say the City is Pushing

Ahead Rapidly.

GREAT DEMAND FOR HOMES NOW EXISTS

Men Whose Fingers Are on the Pulse of

Property Unite in Saying the Situation

Was Never More Favorable

Than at Present.

A reporter interviewed a number of real

estate men yesterday on the subject of

Omaha realty. They are conservative men

and their views are not rose-tinted with

exaggeration. The following are their re-

George N. Hicks: "The tide has turned

within two months past and there is a much

greater demand for property as summer

approaches. There is a large demand for

homes, more than ever before within my

remembrance as a realty dealer in this city.

The people seem to prefer to buy rather than

to build. When the World's fair is over I

anticipate that rents generally, especially

for residences, will jump higher. In fact

rents have an upward tendency now. There

who backs his judgment with his money in

an Omaha investment, after looking the

field over, speaks volumes for Omaha."

No Boom, Just an Increase.

G. W. Amos: "The editorial in The Bee

last Friday struck the nail squarely on the

head, when it said that 'to assert that a

real estate boom prevails in Omaha and
